

THEMBINKOSI MADIBA

SOC Analysts | Information Systems Graduate

Johannesburg, Gauteng • (+27) 83 766-0509 • Thembinkosimadiba00@gmail.com • [LinkedIn Profile](#) • [GitHub Profile](#)

Security-focused Information Systems graduate with core expertise in SOC operations and cloud security. Certified in Cisco, ISC2, and AWS, I've recently mastered Microsoft SC-900 to implement Zero Trust and Identity Management. A relentless learner, I'm currently improving my defensive edge by pursuing the CompTIA Security+ to stay ahead of evolving threats. I am eager to apply my skills in Linux, Python automation, and threat detection to a high-impact security team.

CORE COMPETENCIES & SKILLS

- **Programming & Tools:** Python, Microsoft SQL, C# (.NET), TypeScript, JavaScript, HTML/CSS, Git, GitHub
- **Cybersecurity & SOC:** Vulnerability Assessment, Phishing Investigation, Network Defence, Ethical Hacking, Incident Response, IOC Documentation, MITRE ATT&CK Mapping, Threat Detection, Security Monitoring
- **Cloud & Security Fundamentals:** AWS Cloud Infrastructure, Identity and Access Management (IAM), Cloud Security Principles, Zero Trust Model, Shared Responsibility Model, Logging & Monitoring (CloudWatch, CloudTrail), Risk Management
- **Microsoft Security & Compliance (SC-900):** Microsoft Entra ID (Azure AD), MFA, Role-Based Access Control (RBAC), Microsoft Defender, Microsoft Sentinel, Microsoft Purview, Data Loss Prevention.
- **Systems & Administration:** Active Directory (User Management), Microsoft 365, Linux (Ubuntu, Kali), ServiceNow (Ticket Lifecycle)
- **Networking & Protocols:** TCP/IP, Network Protocol Analysis, Network Security Fundamentals, Database Management
- **Process Improvement & Governance:** ITIL Framework, SLA Adherence, Escalation Procedures, Trend Analysis, Technical Documentation, Compliance & Governance Principles
- **Soft Skills:** Client-Centric Communication, Proactive Problem-Solving, Team Collaboration, Adaptability, Attention to Detail

PROJECTS & EXPERIENCE

- Phishing Email Investigation** | BlueTeam Labs Online | [Report](#) 2026
- Analysed phishing emails to identify threats, mapped attacker techniques using MITRE ATT&CK, and supported incident response to resolve security issues.
- Alertnet App** | Lead Developer | [View](#) 2025
- Engineered a cross-platform safety app using React Native, Node.js, and Firebase
 - Integrated Google Maps API for real-time GPS tracking and SOS emergency alerts
 - Implemented an AI-powered chatbot to assist users with emergency response options
- Peer Tutor & Technical Support** | University of Johannesburg 2024
- Provided first-line technical support to my peers, diagnosing and troubleshooting hardware, software, and application-related problems.
 - Delivered tutoring in Python and analytical problem-solving.

EDUCATION

- Bachelor of Commerce in Information Systems** | University of Johannesburg 2025
- Academic Average: 73.2%
 - Relevant Coursework: Information Security, Networking (TCP/IP), Systems Analysis & Design, Database Management (SQL), Business Information Systems.

CERTIFICATIONS

- **AWS:** Cloud Practitioner Essentials.
- **ISC2: Certified in Cybersecurity (CC)** | Specialisations: Security Principles, Incident Response, and Access Control
- **Cisco:** Introduction to Cybersecurity.
- **Cisco:** Introduction to Data Science.
- **Hack The Box:** SOC Member | Phishing Analysis | Networking Fundamentals.
- **Microsoft SC-900:** Security, Compliance, and Identity Fundamentals (Exam Scheduled)

LANGUAGES

- English Fluent (Professional Minimum)
- IsiZulu (Fluent)
